Head Protection

Skullerz 8945F(x) Universal Bump Cap Insert - Extra Venting

- » **NEXT GENERATION BUMP CAP** – Improves upon design of best-selling Skullerz 8945 Insert
- » **LIGHTWEIGHT HEAD PROTECTION** – Guards against bumps, scrapes, bruises and other minor head injuries
- » **ENHANCED IMPACT PROTECTION** – Ribbed top improves top-of-head protection by up to 35%
- » **MAXIMUM BREATHABILITY** – All-over venting enhances airflow to keep wearers cool
- » **DURABLE POLYETHYLENE** – Impact-resistant insert
- » **FITS ANY HAT** – Patented “trim-to-fit” design easily adjusts insert height to fit different cap designs
- » **FLEXIBLE** – Horizontal and vertical two-way flex design for protection that is not stiff or bulky
- » **TOP-OF-HEAD PADDING** – Extra-large closed cell foam reduces impact without absorbing odors

The next generation of our best-selling **Ergodyne Skullerz 8945** Insert, the **8945F(x) Universal Bump Cap Insert** with Extra Venting delivers enhanced breathability and up to 35% more crown impact protection. This lightweight and breathable impact-resistant shell easily inserts into any baseball cap, hat or other headwear for protection against bumps, scrapes, bruises and other minor head injuries. With flexible sides and convenient trim-to-fit customisation, this bump cap insert easily fits a variety of hats/caps and head shapes. The shell is made of lightweight, durable polyethylene with a ribbed top for stronger crown impact protection. All-over venting maximises airflow for cool comfort, while an interior foam pad reduces impact without absorbing odors for fresh all-day wear. Not bulky like a hard hat, bump caps are typically worn in spaces where worker-generated impact head protection is needed, like low ceilings, beams, low pipes and other bump hazards. They are ideal for industries that do not require safety hard hat protection.

COMFORTABLE

Top-of-head foam padding

Two-way flex design fits most head sizes and hat shapes

FITS ANY HAT

Innovative “trim-to-fit” design easily adjusts height to fit different hats

LIGHTWEIGHT HEAD PROTECTION

Lightweight insert 75g

Protection against bumps and scrapes when working in cramped spaces
