

SPECIALTY WORKWEAR

Winter Warming N-Ferno 6885 FR Winter Hard Hat Liner - 2-Layer, Zip-Off Cap

- » **FLAME-RESISTANT** – For protection in environments where arc flash is a risk
- » **TESTED & APPROVED** – Meets requirements of ASTM F1506 and NFPA 70E (CAT 4); Arc-rated; ATPV rating of 17 CAL/CM2
- » **SHOULDER LENGTH** – For complete head, neck and ear coverage
- » **ZIP-OFF CAP** – Allows workers to remove bottom half for wear as a thermal FR skull cap
- » **BUTTON-UP TOP** – Button atop hard hat to keep bottom half of liner out of the way
- » **LIGHTWEIGHT & LOW-PROFILE** – Fits comfortably under hard hats or helmets
- » **HOOK & LOOP STRAPS** – 4 hook & loop hard hat straps keep liner securely in place
- » **MACHINE WASHABLE**

The **N-Ferno 6885 FR Winter Hard Hat Liner** provides warm FR protection for those working in cold environments where arc flash is a risk. Made with two layers of FR modacrylic-cotton twill blend for enhanced warmth and comfort. This lightweight shoulder-length thermal liner is extra-long to keep head, ears and neck covered while fitting comfortably under helmets or hard hats without bulk. The unique zip-off cap design allows workers to remove the bottom part of the liner for wear alone as a thermal FR skull cap. It can also be buttoned atop hard hats to keep the bottom up and out of the way. To attach to a hard hat, remove the suspension and thread the system through the four slots in the liner. Then, secure the four hook and loop points to the suspension before inserting back into the hard hat. This hard hat winter liner also features small side pockets designed for storing hand warmers to keep ears warm in extreme cold. This FR winter liner is ideal for those requiring head and arc flash production while working in construction, electrical, freight, mining and more.

DUAL-LAYER WARMTH

2 layers of FR modacrylic-cotton

2 layers of FR modacrylic-cotton for protection from the elements

FLAME-RESISTANT HARD HAT LINER
