

ERGONOMICS

Protection where you need it!

ProFlex® 200 Economy Light Duty Copolymer Knee Pad

- » Durable copolymer padding
- » Super lightweight for comfortable all day wear
- » Single strap with hook and loop closure
- » Ideal work workers in construction, mining, freight, handling, flooring, maintenance and utilities

Ergodyne ProFlex® 200 Economy Light Duty Copolymer Knee Pad provides superior protection and comfort for light duty activities. The knee pad features a copolymer construction that is lightweight and flexible, giving you the mobility you need while keeping your knees safe. The ergonomic design conforms to the shape of your knee and is secured with hook-and-loop straps for a secure fit. The low-profile design won't get in the way, and the thick foam padding absorbs shock and makes kneeling on hard surfaces much more comfortable. Whether you're doing light duty work or just need extra protection for your knees during work, the ProFlex 200 Light Duty Copolymer Knee Pad is the perfect choice.
