

FALL PROTECTION & HAZARDS

Tool Lanyards

# Squids 3105 Single Carabiner Tool Lanyard 6.8kg

- » Captive eye design better predicts the direction of load on carabiner and prevents lanyard from sliding into carabiner gate
- » Locking screw gate aluminum carabiner for easy, secure attachment to tools
- » Lanyard Length 82-122cm
- » Third party certified to 6.8kg maximum working capacity with a 2:1 safety factor
- » Approved to the ANSI/ISEA 121-2018 standard
- » Flexible elastic webbing reduces snag hazards and tangles

The **Ergodyne 3105 Single Carabiner Tool Lanyard** features a locking screw-gate captive-eye aluminium carabiner on one end and a low-profile cinch loop on the other to tether tools up to 6.8kg and prevent dropped or falling objects from occurring on the job.

This lanyard is constructed with flexible elastic webbing to reduce snag hazards and tangles. The low-profile cinch loop end easily fits into small captive holes in tools that can otherwise be challenging to tether. With a captive eye design, the locking screw-gate carabiner securely tethers tools while better predicting load direction and preventing the lanyard from sliding into the carabiner gate.

This tool lanyard is built to withstand defined weight limits and can easily be used by any worker to help avoid accidentally dropping objects that could cause damage, injuries or possibly death. This tool tether is third-party certified to 6.8kg maximum capacity to meet the ANSI/ISEA 121-2018 standard and includes all required labeling. Ideal for those who need to tether tools in industries like construction, telecommunications, oil and gas, power generation, utilities, wind energy, manufacturing or other jobs at heights.

**FLEXIBLE ELASTIC WEBBING**

Reduces snag hazards and tangles

**LOCKING SCREW-GATE ALUMINIUM CARABINER**

Captive eye predicts load direction and prevents carabiner-lanyard disconnection

**LOW-PROFILE CINCH LOOP + BARREL LOCK**

For anchoring and securing tethering to small captive holes in tools

**TETHER TOOLS AT HEIGHTS**

Prevent dropped objects
