

TOOL TETHERING + LANYARDS

Drop Free Zone

Squids 3110F(x) Tool Lanyard - Dual Carabiner 4.5kg

- » Approved to the ANSI/ISEA 121-2018 standard
- » Shock absorbing properties reduce the dynamic force on the body or other anchor point if drop occurs
- » Durable 1680 denier polyester elastic blended webbing extends from 96-122cm
- » Low profile lightweight design reduces snag hazards and added weight
- » Anodized aluminum alloy carabiner with captive eye on both ends
- » High strength 3-ply nylon stitching secures connecting ends
- » Single length construction eliminates weak points seen with multi-component lanyards
- » Patent pending design

The **Squids 3110F(x) Tool Lanyard - Dual Carabiner** is shock absorbing tool lanyard with carabiner on both ends. Designed and tested to prevent falling objects and reduce the force your body sees if a drop occurs by absorbing the energy transmitted through the tool lanyard. By reducing the shock load this design prevents the tool from pulling the user down with it protecting those above as well as those below.

TETHER TOOLS AT HEIGHTS

Prevent dropped objects

INDUSTRIAL GRADE DURABILITY + DURABLE DESIGN

1680D polyester elastic blend

ALUMINIUM ALLOW MANUAL-LOCKING CARABINER

Captive eye predicts load direction and prevents disconnection during use

SHOCK ABSORBING

Lessens force on body or anchor point if drop occurs

TESTED TO BE TRUSTED

All lanyards are rigorously tested and third party certified to a 4.5kg maximum capacity with a 2:1 safety factor to prevent falling objects. When working at heights, choosing the best tool tethering equipment matters because there are no second chances.
