

FALL PROTECTION & HAZARDS

Tool Lanyards

Squids 3130M Coiled Cable Tool Lanyard 2.3kg

- » **MADE TO SECURE HAND TOOLS** - Patented lightweight aluminum carabiner with double action self-locking gate connects to tools weighing up to 2.3kg (like screwdrivers, wrenches, pliers, tape measures, etc)
- » **INDUSTRIAL GRADE & MADE FOR INDUSTRY PROS** - ABS plastic housing protects the internal components with a cut-resistant Dyneema cord with a durable protected weave to hold up in tough environments
- » **LIGHTWEIGHT & LOW PROFILE DESIGN** - Retractable design limits snags, tangles and tripping hazards 25cm - 122cm working range and even with the most durables materials on the market
- » **TESTED & APPROVED** - Third party certified to meet the ANSI/ISEA 121-2018 Standard
- » **LIGHTWEIGHT & LOW PROFILE DESIGN** - Retractable design limits snags, tangles and tripping hazards.

The **Ergodyne Squids 3130M Coiled Cable Tool Lanyard** keep the length of the lanyard close to the anchoring point, reducing snag hazards of traditional lanyards while preventing dropped objects.
