

TOOL TETHERING + LANYARDS

Drop Free Zone

# Squids 3713 Elastic Loop Tool Tails Swivel – 3-Pack

- » **MEETS ANSI/ISEA 121-2018** – Third party certified to an 4.6kg maximum working capacity with a 2:1 safety factor
- » **RETROFIT ATTACHMENT POINT FOR TOOL TETHERING** – Create an attachment point for tethering tool lanyards
- » **STRETCHABLE LOOP END + ADJUSTABLE BARREL LOCK** – Nylon stretch cord threads and cinches around tools or structures
- » **DURABLE 360° SWIVELING D-RING** – Captive hole for attaching tool lanyards and prevents tool and attachment from getting tangled or bound up

### Squids 3713 Elastic Tool Tether Attachments with Swivel (3-Pack)

act as a retrofit attachment point on tools, belts, harnesses or structures that can be used to tether tools up to 4.6kg and prevent dropped or falling objects from occurring on the job. Built for versatile and secure attachment to tools, this anchor attachment features a stretchable nylon loop end plus adjustable barrel lock on one end and a plated 360° swiveling D-ring on the other. Once the loop end of the tail is secured to the tool or anchor point, the D-ring acts as a captive hole for tethering tool lanyards. By allowing for seamless rotation, the swiveling mechanism prevents the tool and attachment from getting tangled or bound up. For best use, reinforce the loop end of the tool tail with Squids Self-Adhering Tape or Cold Shrink Tool Traps. When working at heights, it's essential to tether your tools. Fall protection lanyards and tethers are pieces of safety equipment designed to attach one end securely to a fixed anchor point, and the other to an appropriate attachment point on a tool by proper tethering. These tool tether attachments are built to withstand defined weight limits and can easily be used by any worker to help avoid accidentally dropping objects that could cause damage, injuries or possibly death. Ideal for those who need to tether tools in industries like construction, mining, oil and gas, or other jobs at heights.

\*Lanyards not included

PART NO.	DESCRIPTION
19765	Squids 3713 Elastic Loop Tool Tails Swivel – 3-Pack

**TETHER TOOLS AT HEIGHTS**

Test and approved to ANSI/ISEA 121 for dropped object prevention

**STRETCHABLE LOOP END & ADJUSTABLE BARREL LOCK**

Nylon stretch cord cinches around tools or structures

**RETROFIT ATTACHMENT POINT FOR TETHERING**

Swiveling d-ring prevents tangles

Affix to hand tools, tool belts, harness or structures

**EASY INSTALLATION**

Secure with Squids 3775 Self-Adhering Tape or cold shrink tool traps (sold separately)
