Protect your worksite against the damaging sun.

Australian made and owned since 1979, **Maxiblock** is the sunscreen that the locals trust. We all need the best protection against the harsh sun and with **Mineral Clear Zinc Sunscreen**, Maxiblock has created a lightweight non greasy SPF50 sunscreen for face and body. Featuring the latest clear zinc technology that rubs invisibly onto the skin with exceptional transparency and dry touch feel. Vegan, free from any organic chemical filter and deemed "reef-friendly", and 2-hours water resistant. Ideally suited to sensitive skin and those allergic to chemical UV filters. Mineral Clear Zinc Sunscreen is an essential tool for protecting workers from the harmful effects of the sun. To reduce the risk of prolonged exposure to the sun, workers should apply sunscreen every two hours or more often if sweating in hot environments or during prolonged strenuous activities. By taking these precautions, workers can stay safe and healthy while working in the sun.

WHY CHOOSE MAXIBLOCK MINERAL?

- ROBUST BROAD SPECTRUM UVA PROTECTION**
- DRY & UNIQUE NATURAL FEEL, NON GREASY FORMULA**
- OXYBENZONE FREE FRIENDLY FORMULA**
- 2 HOURS WATER AND SWEAT RESISTANT**
- DERMATOLOGICALLY TESTED FOR SENSITIVE SKIN**
- MAXIBLOCK PRODUCTS ARE NEVER TESTED ON ANIMALS**

The Maxiblock Mineral Range is a dermatologically tested, fragrance-free sunscreen that is non-greasy and made with only carefully selected ingredients.
