# Arsenal 5300 Ladder Shoulder Lifting Strap & Carrying Handle

- » **TRANSPORT LADDERS WITH EASE** - Easily attaches for safe and comfortable transport of heavy bulky ladders
- » **EASY INSTALLATION** - 2 hook & loop straps securely attach to the rear rail and an additional hook & loop strap attaches to both rails to keep the ladder safely closed when transporting
- » **PADDED POCKET** - Provides a cushion when resting against the hip and holds excess straps when the ladder is in use
- » **DURABLE** - Weather-resistant webbing and secure stitching for transporting heavy loads up to 45kg
- » **MULTIPLE WAYS TO TRANSPORT** - Easily carry heavy ladders using the top grab handle or adjustable shoulder strap
- » **ADJUSTABLE SHOULDER STRAP** - Padded shoulder strap
- » **CARRYING HANDLE** - Top grab handle for quick transport
- » **NO UNINSTALL NECESSARY** - The system is designed to remain on a ladder while in use
- » **LADDER COMPATIBILITY** - Fibreglass and aluminium a-frame or straight ladders with varying rungs, cross bars or gussets
- » **WASHABLE** - Hand wash, air dry

The **Arsenal 5300 Ladder Shoulder Lifting Strap & Carrying Handle System** is designed for easier and safer transport of heavy ladders. This ladder carrier consists of a padded pocket, 3 hook & loop straps and an optional shoulder strap that securely attaches to keep ladders safely closed when carrying. To hold up to the weight of heavy and bulky ladders up to 45kg, the system is made with durable weather-resistant webbing and secure stitching that is resistant to tears, abrasions and punctures. The universal size and shape is compatible with a-frame and straight ladders. A removable padded shoulder strap and rubberised top grab handle provide comfort and offer better control when transporting in cramped, tight spaces. The shoulder strap allows the carrier to put a majority of the ladder's weight on the shoulder, helping to relieve stress from the arms, hands and back.

**TRANSPORT LADDERS WITH EASE**

Easily attaches for safe and comfortable transport of heavy bulky ladders

**MULTIPLE WAYS TO TRANSPORT**

Easily carry heavy ladders using the top grab handle or adjustable shoulder strap

**OPEN-ENDED POCKET**

Stows shoulder strap when ladder is in use and can be used for small accessories

**SIMPLE ONE-TIME INSTALL**
