Introducing the ultimate solution for secure and convenient hammer storage - the **Arsenal 5562 Hammer Holster**. Crafted to meet the stringent ANSI/ISEA 121-2018 standard, this holster is engineered for durability and safety in demanding work environments.

Constructed from robust 1680D ballistic polyester, this holster boasts exceptional abrasion resistance, ensuring longevity even in the toughest conditions. It's designed to accommodate most styles and sizes of hammers, providing a versatile storage solution for various tools. Equipped with two exterior D-rings, the holster offers the flexibility to attach tool lanyards, enhancing safety by preventing accidental drops. The open rubber dipped iron hammer holder facilitates easy holstering of hammers with tool lanyards attached, ensuring efficient workflow and minimising downtime.

With a maximum safe working capacity of 1.4kg, this holster is engineered for reliable performance. Upgrade your toolbox with the Hammer Holster - a dependable companion for professionals seeking efficiency, safety, and durability in their work gear.
