Squids 3139 Tool Lanyard - Dual Double-Locking Swivel Carabiners

- » **MEETS SAFETY STANDARDS** – Conforms to ANSI/ISEA 121-2018 standard for dropped object protection
- » **DURABLE CONSTRUCTION** – Non-shock absorbing webbing for heavy tools, built to last
- » **STRUCTURE ATTACHMENT** – Designed to attach securely to structures, enhancing safety
- » **SECURE CONNECTION** – Double-locking swivel carabiners with captive eyes for maximum security
- » **ANTI-ENTANGLEMENT DESIGN** – Swiveling carabiners prevent tool entanglement
- » **RELIABLE STITCHING** – Heavy-gauge nylon stitching ensures strength and durability
- » **HIGH CAPACITY** – Third-party certified to a 18kg maximum capacity with a 2:1 safety factor
- » **DIMENSIONS** – Lanyard length of 193cm

The **Squids 3139 Tool Lanyard Dual Double-Locking Swivel Carabiners** is an integral component of comprehensive dropped object protection strategy aimed at minimising the risk of falling objects and enhancing workplace safety. Essential for working at heights, this lanyard securely tethers heavy duty tools to structures, scissor lifts, scaffolding etc, to prevent accidental drops. The advanced technical design of the 3139 Tool Lanyard uses heavy-duty, single-length, non-shock absorbing webbing. There are two swiveling-double-action locking carabiners on both ends with captive eyes for maximum security. All lanyards are rigorously tested and third party certified to 18kg maximum capacity with a 2:1 safety factor to prevent falling objects. When working at heights, choosing the best tool tethering equipment matters because there are no second chances. In high-stakes environments, choosing reliable tool tethering equipment like the Squids 3139 Tool Lanyard is crucial for ensuring safety and preventing accidents.
