

TOOL TETHERING + LANYARDS

Drop Free Zone

Squids 3176 Anchor Choke Strap for Tool Tethering

- » **MEETS ANSI/ISEA 121-2018** - Third party certified to an 18kg maximum working capacity with a multi-drop safety factor
- » **ANCHORING STRAP FOR TOOL TETHERING** - Affix to railing, scaffolding or other structures to create a closed-ended attachment point for tethering tool lanyards
- » **WEAR SLEEVE** - Reduces wear and tear by adding a layer of protection against elements and surface abrasion
- » **EASY INSTALLATION** - Wrap D-ring end around the primary anchor and thread through choke loop
- » **COMPATIBLE WITH SQUIDS TOOL LANYARDS** - Captive D-ring fits a variety of lanyard styles
- » **BUILT TO LAST** - Heavy-duty abrasion-resistant polyester webbing
- » **DURABLE STEEL D-RING** - For attaching tool lanyards
- » **NOT FOR FALL ARREST**

The **Squids 3176 Anchor Strap with Wear Sleeve** threads through railings, scaffolding, equipment and structures to create a retrofit attachment point for tethering tools up to 18kg, preventing dropped or falling objects from occurring on the job. Intended for heavy tools, this strap should only be affixed to the worksite (not for fall arrest). Built for lasting security, this anchor attachment features heavy-duty abrasion-resistant polyester webbing and a durable steel D-ring. An additional wear sleeve helps to reduce wear and tear by adding a layer of protection against elements and surface abrasion. Once the loop end of the tail is secured to the anchor point, the D-ring acts as a captive hole for tethering tool lanyards. For use as a system, this anchor strap is compatible with **Squids Tool Lanyards**.

⊗ ANCHOR NOT FOR ATTACHING TO THE WORKER

ANCHOR TO WORKSITE TO TETHER HEAVY TOOLS

Loop through railings, scaffolding and equipment to prevent dropped objects

DURABLE HEAVY-DUTY DESIGN

Heavy-duty abrasion-resistant polyester webbing with steel d-ring

EASY INSTALLATION
